## LOCAL ENROLLMENT SURPASSES '35-36 TOTAL

### Legion Hall Site For Annual Faculty Reception

#### To Get Acquainted With Faculty Aim Of Tuesday Event

#### All Dons Extended Invite To Opening Social Event Of Year

Santa Ana junior college's annual faculty reception will take place next Tuesday, Sept. 29, at 8 p. m. in the American Legion hall, Director D. K. Hammond stated today.

There will be dancing to the music of an eight-piece orchestra and refreshments will be served throughout the evening. All new students, freshmen and sophomores like, are invited to attend this party in their honor.

The affair is held annually so the new students may become intimately acquainted with the instructors. This is also a chance for freshmen to get a taste of college life, this being the first social event

(Continued on page 3)

#### Shannon Gives Demonstrations

Demonstrations of unusual vapor lighting effects were presented Wednesday night during the opening meeting of the American Association of Engineers at College hall by John T. Shannon, representative of the General Electric Vapor lamp company. The subject of the address was "Lighting Effects and Vapor Lamps."

Mr. Shannon, who specializes in vapor lights, gave demonstrations in sodium and mercury vapor lights and neon gas lights instead of the incandescent wiring type. He also demonstrated ultra-violet lights.

#### Collegiate Digest In Next Issue

Collegiate Digest, weekly rotogravure section of El Don, will be distributed with the paper again this year beginning with next week's issue, it was stated today. Sample copies of the photo section were included with the special Freshmen Days edition of the publication.

Commencing next week the Digest will be received regularly each Friday. El Don has distributed the supplement with each issue of the paper for the past three years.

#### L. L. Beeman Extends Thanks To Freshmen Day Workers

To the Editor of El Don:  
I want to thank you and Mr. McCoy for the splendid service you rendered before and during Freshmen Days. The publication of the program and other information was of inestimable value to us. Also, permit me through the El Don to express my thanks and very great appreciation to other junior college students for so generous and untiring help. I may not be able to mention all of them now, but I

#### Adopt Associated Student Budget For Current Year

Announcement of the adoption of the budget for the Associated Students was made here early this week by Neil McDaniels, student treasurer.

Total expenditures for the current college year will amount to \$6,103, according to the report. The budget as adopted by the Executive Board at its first meeting last Thursday is subject to revision, Director D. K. Hammond stated.

Appropriations for the various organizations of the college are made in the budget. Also included are the various sports, school activities, department projects and other miscellaneous items.

Football is the largest expenditure, its allotment being \$1600. The second largest allotment is to Del Ano, college year book. It will receive \$1200.

##### Student Income

The estimated income from student body tickets, caps and gowns, football, basketball, matinee dances, Decalcomania transfers, Del Ano pictures and sales, social events, cafeteria, and Fiesta costumes amounts to \$6181.

The largest figure of \$2750 for the estimated income is from the sale of student body tickets. This year's budget calls for the sale of approximately 400 tickets, it was said. Last year the total sales amounted to about 500.

The second largest source of (Continued on page 3)

#### First Meeting Held By New Board

In the first meeting of the year, the new Associated Student executive board met Thursday afternoon at 3:30 to discuss current problems. After a two hour parley, the board succeeded in covering all important business, according to President Vic Rowland.

It was revealed by D. K. Hammond, director, that the proposed season ticket allowing outsiders to enjoy all home football contests of the season for \$2.00, could not be allowed, since out of this total sum, \$1.50 would have to go to the opposing teams.

Other business included the approval by the board of the Associated Student budget as presented by Neil McDaniel, treasurer; a discussion of athletic insurance for all major sports; the approval of each Tuesday for board meetings; the date for the matinee dance; the date for yell-leader tryouts and that they be elected by popular vote.

#### New Members Are Added To J. C. Faculty

Santa Ana junior college pursued its policy of expansion in another direction today when it was announced that three more instructors have been added to the faculty of the jaysee.

Norman Hicks and Harold Moomaw have been assigned to the local engineering department, H. O. Russell, head of that division said.

##### Radio Instructor

Mr. Hicks, who is a Santa Ana junior college graduate and instructor at Willard junior high, Santa Ana, will conduct classes in radio electricity, an entirely new course the second semester of the term. He received his masters degree at U. S. C. last June where he majored in radio communication. He also owns a private amateur radio station, W6TMA here.

Harold Moomaw, Lathrop junior high school instructor, will teach surveying and mechanical drawing courses. As a graduate of Oregon state college, he worked with the Oregon state highway department before coming to Santa Ana. He replaces R. G. Bond who goes to the high school on a full time basis this year.

##### Assistant Coach

In the field of sport, Blanchard Beatty will fill the vacancy left by Alvin Reboin, former assistant physical education instructor, who accepted a position as head football coach at Huntington Beach high school. Mr. Beatty was formerly an instructor at Oceanside high school and junior college.

With the addition of the three new instructors, the total faculty membership at jaysee has been increased to 37.

Robert S. Farrar, former debate coach, will not be connected with the junior college this year. He will serve as assistant vice-principal at Santa Ana high school and teach in the social science department there.

#### Don Engineers Get New Laboratory Equipment

Electrical equipment for the local laboratory will be installed within a month, it was stated today by H. O. Russell, head of the jaysee engineering department.

The new laboratory is a part of the \$6,000 building project completed here recently. Equipment to be set up includes several direct current generators and motors; some alternating current generators and motors; and several transformers.

#### Faculty, Students Raise Fund For J. C. Janitor

More than 15 years of faithful service will be rewarded by jaysee students and faculty when C. W. Collins, former janitor here, is presented with a cash fund in the near future.

Collins was recently discharged after reaching the age limit for janitors. The faculty fund has thus far reached \$54 and others are expected to contribute today and Monday.

Next week the Associated Students will launch a five-day drive to assist the faculty in rewarding the former janitor. Plans for the student campaign were announced at Tuesday's assembly by President Vic Rowland.

#### Flint Hands Out Assignments For NYA

Employment assignments under the National Youth Administration for the current year were made this week to 125 needy students, it was announced by Calvin C. Flint, dean of men and head of the college NYA division.

The NYA program, started last year under President Roosevelt, provides work for students between the ages of 16 and 26. There are qualifications, however, besides the necessity, Dean Flint stated. Students must maintain a satisfactory academic rating during employment.

This year there is a \$5 decrease in the maximum allotment. Last year the maximum was \$20, but that figure has been cut to \$15 for this year, Dean Flint stated.

Jobs provided in the program include stenographic and stencil work, playground supervision, news service, laboratory assistants, and ground workers. Last year vast improvement on the campus was accomplished through these workers, Dean Flint indicated.

##### PHYSICAL EXAMS

"Approximately one hundred and twenty-five women and one hundred and thirty men were examined for physical fitness in examinations during Freshman Days and completed this week. Dr. Byron F. Mock said today. Nearly all of this number will be expected to take regular physical education.

#### Student Ticket Sales Near Record As 296 Purchased

Associated Student ticket sales today reached the 296 mark, exceeding last year's record by 15 per cent, Mrs. Helen Deaton of the business office indicated this morning. Of this number 29 have been sold on the installment plan, Mrs. Deaton explained.

These figures reveal that approximately 40 per cent of all registered students are in possession of tickets.

Mrs. Deaton stated that students

#### Registration Here Reveals Increase Over Last Term

#### Freshmen Lead In Class Figures With 391 Registered

Registration totals continued to mount here this week as numerous students appeared for late enrollment. According to the latest unofficial figures, a total of 685 students are now attending local classes which is a slight increase over the same time last year.

The total is 120 higher than the enrollment last June when the registration stood at 565. Of the latter number 118 received diplomas at the annual commencement exercises with 30 others being graduated in secretar-

(Continued on page 2)

#### Petitions Required To Change Program

Miss Mabel G. Whiting, registrar, announced today that changes of program may be made only after securing a petition from the office. Properly filled out and signed by the instructor, it is considered by the committee for change of program.

A fee of \$1.00 will be charged when the change is not due to error on the part of the office. Exception to this rule will be made in the case of students who wish to register for music or junior forum.

#### New Library Books Available Here

Purchase of 300 new library books at a cost of \$800 was today announced by Lillian L. Dickson, junior college librarian.

Under the yearly allotment of \$1700 dollars, the library has installed new shelving in the reference rooms in addition to buying new books. Magazines useful as reference material have been subscribed for in order to keep the publications file as up to date as possible.

may purchase tickets in two ways, either by paying the total \$7 at one time or by making the purchase in installments. According to the installment plan three payments are made, one of \$3, one of \$2.50, and one of \$2. The final payment must be made by Nov. 31.

At a meeting of Associated Student officers held last week a plan for selling season football tickets to the public was rejected.

Miss Whiting exercises with 30 others being graduated in secretar-

## JAYSEE INSTRUCTORS' TRIPS DURING SUMMER DISCLOSED

D. K. Hammond, dean and director of the college, spent most of his vacation looking after the improvements being made at the jaysee. He was able to spend two weeks in Los Angeles.

Mrs. Eleanor Northcross, dean of women, spent several weeks in Santa Barbara. The remainder of the summer was passed in Santa Ana.

Calvin C. Flint, dean of men, attended summer school at Stanford. The rest of his time was used in a trip to Catalina island, and in preparing for the following college year.

John H. McCoy, assistant director, worked in Santa Ana all summer with the exception of a trip through Yosemite and Sequoia parks to San Francisco.

Miss Mabel G. Whiting, registrar, made two trips during the summer. One was to the mountains for a month, and the other was through Yosemite to Portland, Ore. by way of the Columbia River Highway.

A. J. (Bill) Cook, coach, enjoyed part of his vacation fishing in Mexican waters. He also made other trips into the Sierras, hunting and fishing.

L. L. Beeman, head of the social science department, taught summer school until August 1. The remainder of his time was taken up with study and a few short trips.

J. R. Bruff, head of the science department, accompanied by his wife and son, took a trip to Berkeley and Fort Bragg.

Mrs. James J. Cottrell, chemistry instructor, was married during her vacation. She spent part of her time at Forest Home. Mrs. Cottrell was formerly Miss Etta May Conkle.

Miss Hazel D. Dawson, instructor in home economics, went to Los Angeles for most of the summer months.

Miss Dorothy Decker, merchandising instructor, divided her time between Laguna Beach and Lake Tahoe.

Miss Lillian L. Dickson, librarian, took a trip east as far as Boston and the Gaspé peninsula. After spending some time touring the New England states and Eastern Canada, she returned to Santa Ana by way of Yellowstone park.

Blanchard Beatty, coach, divided his vacation between Mexican waters and the Sierras enjoying fishing in both places.

After teaching summer school,

George B. Holmes spent the remaining time visiting Yosemite National park and fishing in the High Sierras.

Miss Agness Todd Miller vacationed in Berkeley, where she spent last year working on her doctor's degree at the university.

Swimming, volleyball, and tennis occupied Miss Zena Leck's vacation at Laguna Beach this summer.

Vermont, New York City, South Carolina, and Texas were visited on the touring trip which Thomas H. Glenn made in his new Ford V8 from Detroit.

Lucinda Griffith spent the summer at Honolulu, and, while there, lived at Waikiki.

Motoring to the Sequoia National park highlighted Mrs. Grace Knipe's summer vacation.

Art of Persia and the near East and also present day trends in the art field were studied by Miss Frances Egge this summer at the University of Southern California.

While travelling through the middle west and east, Dr. Byron F. Mock visited the medical departments at the University of Michigan and other state institutions.

Harry P. Jackson chauffeured on several sightseeing trips up to Pikes Peak this summer while working for the Burlington Transportation company in Denver.

Cruising aboard the steamer Monterey this summer, Miss Myrtle Ann Martin stopped at Hawaii, Samoa, Fiji islands, New Zealand, and Australia.

Miss Genevieve Humiston and her sister from the east spent the summer at Laguna.

### WEDDING BELLS HERE

Friends and acquaintances of Mrs. Charles Douglass Ferry, the former Santa Ana junior college student and recent graduate of Stanford university, Miss Pauline Wells, were today anxiously awaiting the charming bride's return from her wedding trip.

Mrs. Ferry is the daughter of George R. Wells, president of the Board of Education of this city.

## Disclose Assembly Plans For Term

College assemblies will present numerous talented artists and speakers this year, Director D. K. Hammond announced today.

Jack Rank, magic dramatist, will appear on Oct. 6, bringing a new three-act one-man drama, in which he portrays all the characters.

### Violinist Returns

Jacqueline Duke, American girl violinist who drew a capacity crowd when she performed here last year, will return Dec. 1. Students will have the opportunity to request the numbers which she will play.

Appearing in person at the new Santa Ana high school on Jan. 18, Martin and Osa Johnson will show their most recent talking pictures, explaining them during the show.

### Dowling in Drama

The Great Abraham Lincoln drama, featuring Milford Dowling, America's finest portrayer of the great emancipator, assisted by an all professional cast will perform on Jan. 26.

This week's assembly featured Lt. Alden G. Alley, world traveler who recently returned from a trip around the world. Alley, who is an authority on the League of Nations and international affairs, spoke to the students on Germany.

## Registration Shows Slight Increase

(Continued from page 1)

ial practice.

Miss Mabel G. Whiting, college registrar, stated yesterday that enrollment figures are constantly changing so that it is impossible to state exactly how this year's figures compare with last year. "As near as we are able to estimate, enrollment is about the same," she said, "with a slight increase noticed in the present total."

### Class Totals

Of the present registration, a total of 391 are freshmen, 240 sophomores, 28 special students, and 26 post-graduates.

"The freshmen class, running true to form, is the largest as is the usual case here," Miss Whiting said.

Many second year students carried an insufficient number of units last year to admit them to sophomore standing this year while many regular sophomores did not return to college this fall.

Miss Carol Erskine of the office stated that an official count of enrollment totals will be made in October.

## Honors Course Held Success Here

Success has spelled the existence of the local honors course inaugurated here two years ago, J. Russell Bruff, instructor, declared today. Definite decision regarding its continuance, however, is to be made this semester, Mr. Bruff said.

The course is a two unit subject offered only to sophomores in the second semester. The student, with the approval of the instructor, chooses his own topic for study and presents a written report at the end of the semester.

Grades are earned in the same manner as in other courses with 20 points being given for grade C, 40 points for grade B, and 60 points for grade A. Admission to the course requires a grade point ratio of 1.5 or better in the work of the three previous semesters.

## Campus Views

By BOB SWANSON

Let me be the first to congratulate the football squad on last week's showing. It provided the necessary discipline that the S. A.ooters deserved. If there is a defeat the quarterback is blamed; if victory, the fans gobble the credit.

The pansies—me included—locked to the ears in overcoats, mufflers and air-cushions, watched the brawl like the Romans of old, unaware of how miserable they appeared as a cheering section. When the team lost, the softies took it as a personal insult. Thanks to Clyde Files, the sideline sitters did keep a few times, but them apparently expired. A little more cooperation would be a big boost.

At the executive board siesta the other day, the student "officials" poured out free passes to all the office help, but decided instructors would have to buy a student ticket.

Last year Dean Flint made 123 after dinner speeches. Most were of 45 minutes duration. He made our radio addresses. Got mike right the first time, and his voice quavered so that he had trouble speaking. . . . Director Hammond hasn't seen a cinema in four years. He saved at least \$72.80 cents that contributed to the Mae Wests, Clark Gables and Dick Powells.

Bill Woodward, former Junior Lionman here, is attending Washburn college at Topeka, Kansas, this year. . . . when Bill was a high school student there, he was a classmate of Peggy Anne Landon. Says he was just an average student.

Attention officials: Why doesn't someone look into the men's lounge some day and watch the poker games in progress there regularly. Ante hit the 25 cent mark one day this week. No, I don't know any names, but it wouldn't take much work to find out.

## Music Plans For College Given

Enlarged plans for the music department which are to include a concert, an opera, and various trips were announced today by Director D. K. Hammond.

Arrangements for the use of the new high school auditorium for the concert and opera have been made. The concert will be the first program presented.

Later in the season, a modern opera will be presented. Additional money has been budgeted so as to make it possible to put on a worth while program, he said.

In the latter part of the season, programs throughout Southern California will be arranged for the group that displays the greatest amount of talent. The school board has appropriated enough money to the department to take care of transportation and costumes.

## L. L. Beeman Thanks Student Helpers

(Continued from page 1)

ranging tables and chairs: Elbert Stewart, John Daughenbaugh, Bill Ruddiman, Gene Littrell, Victor Rowland, Franklin Guthrie, Roy Potter, Melvin Hill, Bill Sheppard, Clyde Files, Stanley Slaback, Phil Cook and Jim Dwyer. Carrying those stables and stacks of folding chairs up and down stairs was a real man's job, well and cheerfully done.

Helena Bailey and Bessie Burles did faithful and invaluable service at the information desk, for which they have our thanks.

To all others who served on Committees or rendered music numbers on the program, we express our sincere thanks and appreciation.

Sincerely,

L. L. BEEMAN

## Plan Field Trips For Geology Students

Plans for several geology trips this semester will be announced in the near future, H. A. Scott, geology instructor declared today.

Many interesting trips were taken last year among which was a trip to the museum in Los Angeles and several trips to the desert to observe and collect rocks.

## OK Club Invites New Students

"All students living away from home who desire to make new friends are invited to join the Orphan Kiddies club," said Mr. H. A. Scott, adviser of the organization.

Organized in 1928, the purpose of the OK club is to create a pleasant social atmosphere among students living away from home. Last semester the membership numbered 50 students.

Social activities include hay rides, beach parties, picnics, and many other parties. Perhaps the most important event sponsored by this organization is the annual Beard Growing contest held in connection with Fiesta day.

## To Get Acquainted With Faculty Aim Of Tuesday Event

(Continued from page 1)

of the season.

Dean of Men Calvin C. Flint is in charge of the entertainment and refreshments, while Dean of Women Eleanor Northcross is in charge of the reception. They will be assisted in making preparations by other members of the faculty including: L. L. Beeman, J. Russell Bruff, Miss Frances Egge, Ernest Crozier Phillips, and Miss Hazel Dawson.

The event was previously postponed due to conflicting opening day arrangements, but the date is now final, Director Hammond pointed out.

## Office Wants Photos Of New Students

All new students are reminded by the college office that a small photo of each student is required for the permanent file at the college office. Miss Carol Erskine, office secretary, stated today that only about half of the new students had turned in their photos.

The office requires students to submit their photos before the close

## Hallman Closes Y Bookstore Today

Many students are financially advanced as the Y. W. C. A. bookstore, closes today with total sales amounting to \$365. Due to numerous demands business was held over for a second week. Books were sold at 77 per cent of their original prices. Ten per cent of this sum will be collected by the Y. W. to aid in sending a delegate to the Y. W. C. A. Asilomar convention. Later in the year. The store was managed by Barbara Hallman. She was assisted by Helen Fine, Barbara Leeback, June Cory, Elizabeth Sturtevant, Marion Mattson, and Bernice Sparks.

Miss Hallman announced that all money for sales can be collected in approximately two weeks time. An announcement will be made in El Diario, and all money will be given out by Mrs. Jennie L. Tessmann, club adviser.

## Student Budget Adopted Here

(Continued from page 1)

revenue is football. It is anticipated that this figure will amount to \$2300.

The complete estimated expenditures follow: advertising, \$100; Alpha Gamma Sigma, \$50; A. W. S., \$60; baseball, \$150; basketball, \$190; Del Ano, \$1200; Fiesta, \$135; football, \$1600; forensics, \$141; golf, \$25; medical service, \$500.

Miscellaneous, \$377; Phi Theta Kappa, \$100; social, \$615; subsidies, \$290; swimming, \$20; tennis, \$50; track, \$275; and W. A. A., \$175.

of the semester, but in order to facilitate registration and avoid confusion and delay next semester, students are urged to bring their pictures to the office as soon as possible.

The photos must be satisfactory before they are accepted, Miss Erskine said.

## College Classes Of Nation Use New Book

El Don makeup and typography will attract nation-wide attention this year as a result of the paper having been selected as an example for a new journalism textbook written by Prof. Douglas W. Miller of the school of journalism of Syracuse university, it was learned today.

The book, "Practical Exercises in Newspaper Copyreading, Proofreading, and Make-up," includes a chapter on the college weekly in which 10 pages are devoted to El Don stories and headlines. The volume is being used as a text by the advance journalism class here as well as by many other college classes throughout the country.

High honors bestowed on El Don last spring by Associated Collegiate Press became official this week with the receipt by Editor Robert Swanson of a certificate citing the college paper for an "All-American" rating among junior college publications.

The award was the only one of the kind made to a jaysee weekly in the annual national contest held at the University of Minnesota.

# Hawaiian Controversy, New Home of League of Nations In Photos

## Scenes and Persons in the Current News

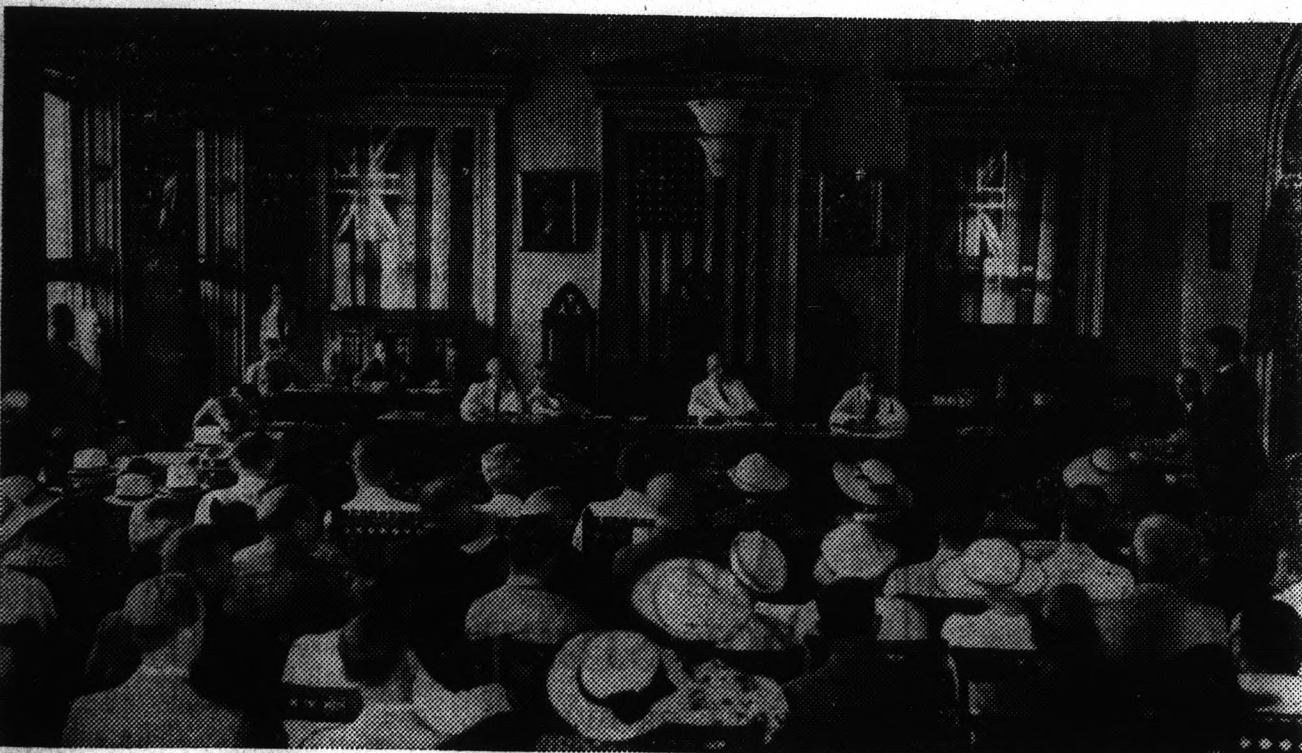

1—New \$10,000,000 palace on the shore of Lake Lemman near Geneva, Switzerland, which has just been occupied by the League of Nations. 2—Alexander V. Dye of Flora, Ill., new director of the bureau of foreign and domestic commerce of the Department of Commerce. 3—View in the main street of Monrovia during the military parade that featured the inauguration of Edward Barclay as president of Liberia.

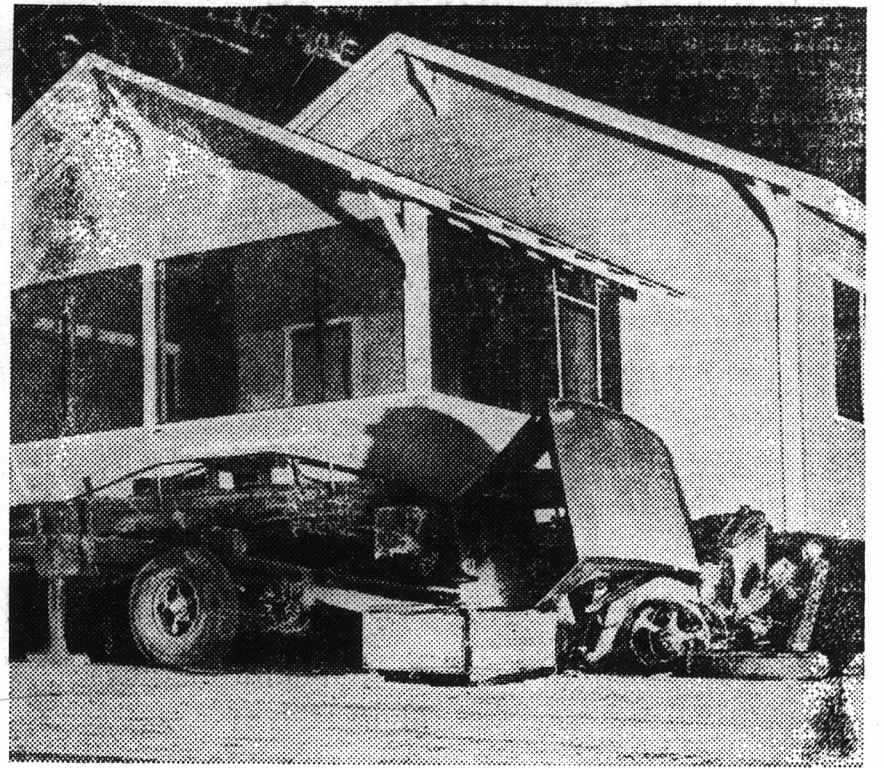

The Township High School band of Joliet, Ill., six times winner of the national school band championship, visiting New York, serenaded Mayor La Guardia at the city hall.

## Hearing Hawaii's Statehood Arguments

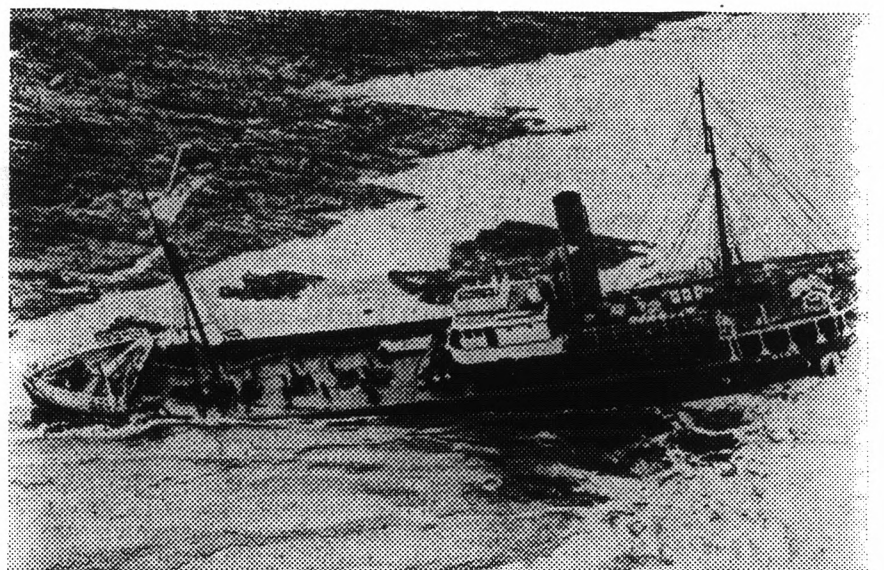

Members of the congressional committee seated in the territorial capitol in Honolulu hearing arguments for and against the admission of Hawaii as the forty-ninth state in the Union. David L. Crawford, president of the University of Hawaii, is at the extreme right giving testimony.

## When House Runs Into Truck, It's News

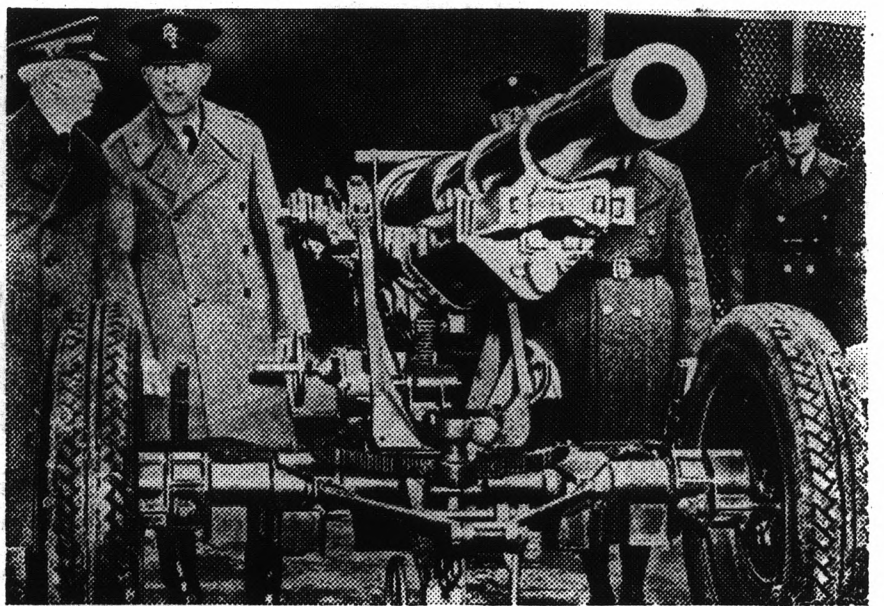

When a man bites a dog, that's news, according to the old newspaper adage. The same thing applies to a house running into a truck. It happened on the outskirts of St. Petersburg, Fla., where a house-moving crew was pulling this structure across the highway. Despite the wreckage of the truck, none in it were seriously injured.

## "Floating Fish Factory" Wrecked

The French trawler Neptunia, called the "Floating Fish Factory," is shown awash after she was wrecked on the treacherous Reppoch rocks off the island of Hoy, Orkney Islands. The crew of 41 was rescued by a lifeboat from the island and the huge trawler pounded to pieces on the rocks.

## Fires Further, Weighs Less, Costs More

Major General Upton Birnie, Jr., chief of the field artillery of the United States army (left), and Lt. Col. Jacob L. Devers, commander of the First battalion, Sixteenth field artillery, are standing beside one of the army's new 75-millimeter field guns that was demonstrated at Fort Myer, Va. The firing range of the new guns is 13,500 yards, roughly 5,000 yards more than the old 75's. This is equal to the range of the 155's, which weigh more than 7,500 pounds. The new 75's weigh only 2,600 pounds and can be drawn by horse or tractor. The new guns, which cost approximately \$5,000 more than the old 75's, were taken to Washington to be shown to the military affairs committees of congress.

## In The Press Box

With FRANKLIN GUTHRIE

Satirical salvos are now in order! Some day the Don field generals will learn what the proper play maneuvers should be when the ball is within striking distance of the last chalk line. The team's initial success of the season hung in balance on such a decision last Friday night at the famed Rose Bowl in Pasadena.

### PERHAPS QUARTERBACK HAD RIGHT IDEA

Maybe it was the spirit of Stanford's first two bowl invasions which hung over the Dons. Although outplaying the Bulldogs throughout, save through the air, the Dons were like the Cardinal eleven which lost to Alhambra because they couldn't stop the passes. That end sweep would have eliminated it from any comment as to its advisability, if it had only worked.

Perhaps the quarterback had the right idea after all. He figured to cross them up, with John Lehnhardt reeling off gains continuously through the line on bucks. This play plus an intercepted aerial found Pasadena jaysee capitalizing on Santa Ana's last chance.

### NOT CRITICIZING BILL COOK

Don't mistake this to be a slur on Coach Bill Cook because undoubtedly he has told his men to call the plays which would work when the pressure was applied for such a test as this. Let's call it quits though and say that the team as a whole lived up to Santa Ana's good name as a fighting squad although it did not start the season so auspiciously as we might have hoped.

Incidentally Cook's men have two more practice games in a row with Western conference teams. The Glendale Bucs and the Long Beach Vikings come in that order tonight and next week at the Santa Ana bowl. At the same time the relative strength of the San Bernardino Indians which it pitted against the Dons Oct. 23 in a conference struggle will be tested to-night at the same Rose Bowl with the Bulldogs.

### HALF-TIME ENTERTAINMENT WAS THE BEST EVER

Lighting the sky with aerial bombs and other articles of Fourth of July celebration, the half-time interlude was the most spectacular mid game entertainment many local fans have ever seen. Look's as if the locals will have to try to end such boresome halves with a little amusement such as the tremendous Pasadena band flourished. Clyde Files did a splendid job of pepping up the handful of students who travelled to the contest. Thanks.

### TEAM DUE FOR IMPROVEMENT

Outside of the 80-yard touchdown jaunt of an intercepted lateral by Co-captain Allen Titensor and the smashing plays exhibited by the other half of the captainship, Lehnhardt, the Dons will find plenty of time for improvement before they tackle Citrus in their first conference engagement.

Their pass defense was spotty at times which will undoubtedly be polished considerably by Messrs. Cook and Beatty. Every man played commendably after passing the unpleasant first quarter when they were on their heels most of the time. The defensive strength was tested when Cook inserted an entire eleven when Pasadena was threatening in the second quarter.

## Sheppard In Charge Of Don Grid Sheets

Football programs will again be handled by the executive board of the Associated Students as in past years, Director D. K. Hammond announced today.

Both team's line-ups and their rosters will appear in the minute periodical. The first program will be passed out at the Glendale-Santa Ana game tonight.

# DONS PLAY GLENDALE UNDER ARCS

## Compensation For Injured Athletes Now Pending Here

In order to avoid any complications due to injuries sustained by athletes during practice or regular games, the Associated Student executive board in a session held this week tentatively granted Dr. Willis P. Baker, Santa Ana physician, full charge of all cases involving injuries to athletes competing for Santa Ana jaysee.

The board measure calls for the expenditure of \$500 in carrying out this arrangement.

No more than \$100 of hospitalization expenses may be incurred during the football year, but all injured will be entitled to aid. Men in all sports including football, basketball, baseball, track, swimming, wrestling and golf are eligible.

## INAUGURAL LOST BY PADRES

Displaying an abundance of offensive power that characterized their play of last season, yet showing a need for a tighter aerial defense, Santa Ana jaysee's highly touted pigskin defenders were defeated by the Bulldogs of Pasadena, 12-7.

Utilizing frequent passing attacks, both teams scored all their points by this method, the Dons capitalizing on a free ball. Pasadena first reached pay territory through a short shovel pass over the goal late in the second quarter. An attempted placement failed.

The Dons retaliated soon after the second half opened, as Co-captain Allen Titensor intercepted a lateral pass on their own 18, and scrambled the rest of the way to the goal line. A pass, Herbert to Beall, added the extra point.

The fighting Bulldogs did not wait long to regain their lead, as they uncorked the longest pass of the game a few minutes later. Passing from their own 40-yard line, the pigskin found its way to the outstretched arms of an awaiting receiver on Santa Ana's 25. Caught out of position, the Don safety trailed his opponent over the last marker, and with it the margin of victory.

Outside of the bad quarterbacking on the goal line late in the fourth period, the Dons were in no position to overtake their Western conference foes at any time.

## Women's Basketball Turnout Large

This week's turnout for women's basketball was unusually large. Miss Zena Leck, women's athletic instructor, revealed today. Miss Leck further stated that an even larger turnout is expected this afternoon at 3:30, when a manager will be selected.

Practice was satisfactory this week in spite of the fact that the majority of players had been accustomed to playing three-court basketball in contradiction to the two-court games played here. Practice games with Fullerton and Long Beach will be held before play-day. This is scheduled to place some time in December, Miss Leck continued.

The following girls reported for practice: Marjorie Schmidt, Virginia Shepard, Justine Madden, Betty Bradley, Barbara Warne, Frances Was, Jean Palmer, Irene McFarland, Elaine McReynolds, Madeline De Browner, June Corry, Jo Owen, Barbara Leebach, Vera Worthington, Lu Ella Pierce, Dorothy Schroeder, Anne Wetherell, Helen Lowe, Rae Langley,

## Junior Lions Will Decorate Goal Posts Again

In accordance with the policy carried out during the past several years, the Associated Student executive board, in a session held this week, granted the Junior Lions, college service club, permission to take charge of decorations for all home football activities, including tonight's non-conference game with Glendale jaysee.

This marks the third year the club has taken over this project in following out their established purpose of being of service to the college.

## Don Aspirants Swell Roster To Sixty-two

Blessed with some of the best material he has had in the past several years, Coach Bill Cook's squad has now swelled to 62 grid prospects, six more than last season, records revealed today.

This team is well represented by states outside California among which are: Idaho, North Dakota, Illinois, Kansas, Nebraska, Texas, and Michigan.

Santa Ana ranks first among Orange county high schools on the roster. These players include: Mac Beall, Clarence Bolton, Bill Brooks, Joe Crawford, Dick DeSmet, Fred Erdhaus, Carroll Joy, Al Lamb, Blas Mercurio, Minoru Nitta, Walt Opp, Howard Rash, Bill Semnacher, Dick Shepard, Al Titensor, and Erwin Youel.

Orange representatives are: James Burkhardt, Bob Faul, Harry Griffith, Fred Lentz, Max Moore, Ray Sides, Elmer Smith, Ed Stanley, and Larry Todd.

From Tustin come: Carl Benson, Merle Grisot, Bob Holmes, Charles Mueller, Dave Phoenix, and Harry Stanley.

Garden Grove sends: Ray Devine, Carl Lehnhardt, John Lehnhardt, Roy Waer, Jack Wilson and Sam Bragg.

Bill Greschner and Vernon Koepsel are graduates of Newport Harbor high school, with Les Minder, Hal Mosiman, and Rusty Rouquet migrating from Anaheim.

Others included on the Don machine are: Dick Dyke, Long Beach; Joe Herbert, Fullerton; Dick Connell, Los Angeles; Dan Boyd, Oceanside; Fred Pinkston, Chino; George Aupperle, Idaho Falls, Idaho; Bill Lenzie, Idaho Falls, Idaho; Kenneth Marshal, Williston, North Dakota; Harold Pottorf, Wichita, Kans.; Dick Tauber, Ellsworth, Kans.; Virgil Stevens, Fort Worth, Tex.; Harold Wallace, Niles, Mich. and Charles Barrett, Texas.

Evelyn Kent, Ruth Anderson, Mary Henderson, Helena Bailey, Betty Lee, and Polly Angne.

## First Home Tilt Matches Dons, Bucs, as Cook Seeks Competent Signal Caller

## YELL LEADERS WILL PERFORM THIS EVENING

Due to the failure of the college students to attend the Wednesday noon assembly designed to select this season's yell and song leaders, official appointment will be withheld until Monday afternoon when the college executive board convenes.

Although one team unofficially tried out before the handful of student spectators, it was decided to withhold the selection and permit any teams to exhibit their ability before tonight's crowd at the Glendale game in the bowl.

Fred Pimental, Chick Shields, Lewis Tadlock, Virginia Wilson, and Virginia Scott will have the first half with a proposed team of Neil McDaniel, Clyde Files, Ruby Frank Jones, and Betty Lee taking over the remaining period. The half time will be divided also between the two groups, Frank Guthrie, commissioner of men's athletics announced.

## Wetherell Loses To Fred Perry

After smashing his way to a championship in the National Public Parks singles, Louis Wetherell, Santa Ana's star netter, met defeat this week when he encountered Fred Perry, world's number one netter of England in the second round of championship play in the Pacific Southwest tennis tourney.

Wetherell moved into the second round by defeating Harry Kime of Los Angeles, but despite his fine beginning and brilliant play, was downed by the Forest Hills king, 6-4, 6-4.

The Public Parks champion, once the first ranking netter at Santa Ana jaysee, is now attending the University of Southern California where much is expected of him in the future realm of tennis.

## Injuries To Dave Phoenix May Cause Halfback Replacement

Described as "tricky and fast moving," a strong Glendale jaysee eleven, a member of the Western conference, invades the home territory of Davie Don and Co. tonight at 8:00 p. m. in the Municipal bowl.

After downing San Bernardino jaysee, 7 to 6 in their inaugural last week, the Bucs will be gunning for their second win of the season. "The boys realized their mistakes made last week, and the fans ought to see an improved team this time," voiced Coach Bill Cook. A grueling week of practice has been devoted almost entirely to ethics in pass defense.

### Positions Changed

The Don mentor stated that a few changes would probably occur in this week's lineup. The quarterback berth will receive new strength in Bill Greschner, fleet end, who has been working diligently at this post the past several days. "Rusty" Roquet, 210-pound fullback, may be shifted to left half, Cook stated.

Injuries may shelve both Dave Phoenix and Al Lamb, halfback and fullback respectively. The Don's coach mentioned that he was well pleased with the progress made by tackle Fred Pinkston, and Erwin Youel, who is coming up fast at his wing position.

### Seven Lettermen

In defeating San Bernardino last week, Glendale used two complete teams.

Probable starting lineups are as follows:

Glendale	Pos.	Santa Ana
Nettle	REL	Greschner
Belnap	RTL	Bolton
Thompson	RGL	Benson
McDonald	C	Holmes
Gillespie	LGR	Mosiman
Dearborn	LTR	Devine
	LER	Erdhaus
Cooper	Q	Lehnhardt
Carmichael	RHL	Beall
Greenblat	LHL	Lentz
Lloyd	F	Lamb

## The Junior Forum

Some seventy local students are to be congratulated for having seen the value of the Junior Forum to the extent of enrolling for the course. With the large enrollment assured the project will undoubtedly prove successful in spite of a few protests that have been made from time to time by a handful of critics.

Offered as contemporary history, the Junior Forum promises to be very worthwhile for the student who is interested in keeping up with the world. The course has the unique distinction of being the only one of its kind offered anywhere in the United States as Santa Ana is situated as to enable speakers to hold classes and discuss Senior Forum topics in detail.

Some criticism has been heard that the forum projects are mere propaganda units and that speakers are forced to follow the dictates of their superiors. Rumors were current this week that some parents had even gone so far as to prohibit their children from enrolling for the course.

If El Don thought the project was the least bit off color the campus paper would be among the first to condemn it. Such fears are ungrounded, however, and both unfair and untrue. If there are those who must remain skeptical we take this opportunity to invite them to attend the lectures and then attend the class sessions to see and hear how the various topics are treated and discussed.

El Don is in hearty accord with the Junior Forum and resents the insinuations that have been leveled at the campus course by local critics. They have been grossly misinformed.

A New Deal for agriculture is old stuff, says the Mississippi Valley Historical Association. There was one following the Civil war.

## Musical Talent Wanted

Santa Ana junior college has been carrying on a policy of expansion since the beginning of the year, and the effort to make this one of the best junior colleges of its size in the state is being carried to all fronts.

Now that the new instructors have been selected, new courses determined, the new bungalows completely furnished, and new commerce equipment installed, authorities are turning to perhaps the biggest task of all—the music department.

A college without a snappy orchestra isn't complete, nor is a football game rounded out unless accompanied by a crack band to keep us on our toes.

Pasadena jaysee organized a huge band in three days. Their demonstration on the football field turned the game from just an ordinary contest to a zestful event.

So this year, college authorities here are promising uniforms for local musicians who will make public appearances; a two or three day trip for the department will be made; and numerous concerts as well as an opera will be presented.

This attempt to bolster one of the most important publicity agencies of the college deserves our support, and it can be a success if we only try. Those of you who have musical talent should join one of the musical organizations and help in making this a most successful and enjoyable year.

There are 175,000 attorneys in the United States, 38,600 incubating in the law schools. Too many, say authorities.

## EL DON MAIL BOX

To the Editor of El Don:

In a letter to the Santa Ana Register of last Wednesday, September 16 a Costa Mesa citizen attacked our state educational system as being unduly expensive and consequently as being the cause of our very high taxes. In support of his assumptions he pointed out that 40 years ago a teacher could handle about 40 students while now the average is less than 25 per teacher. As if to paint Santa Ana junior college as an extravagant institution he stated that this year 257 courses are offered to us making about a course for every two students.

Such statements are apt to be misleading to the casual readers who does not have time to investigate them.

In 1890 the average number of pupils attending school in the United States was 8,153,000 and the total number of teachers was 363,920 making about 23 students for every teacher. In 1932 the average number of students attending school in this country was 22,245,000 while the total number of teachers was 871,607 making about 26 pupils per teacher.

This is my second year in Santa Ana J. C. and I do not know of a single class which has had 2 students in it. My classes have averaged about 30 students.

Personally, I believe that the Costa Mesa man is a little prejudiced against education in general and is attempting to poison the minds of all who will listen to him with fallacious statements. Maybe a little education in some of our "257 courses with 2 scholars per course" would help broaden his views.

Yours truly,  
JAMES BARTLETT

## THE CUB SEZ:

By GINGER KEELER

Correcting an error in the El Serapa. Bob Schwarm and Alberta Stein were not married last weekend. They will, however, take the fatal step on the 9th of next month. And speaking of October marriages Travis MacDonald and Naomi Wheeler, both previously of jaysee, will meander up the aisle on the 2nd.

Last Friday's game saw many interesting new combinations. Wonder if they are the beginning of winter romances or just plain dates? Jean Palmer, Jean Reuter, and Frances Was were all there, looking like typical college girls—all very nicely dressed, sophisticated and aloof.

One little girl that is doing plenty all right is Lou Ella Pierce, formerly of Huntington Park. During Freshmen Days she was a total stranger, but she has already annexed Jack Schilling. Saw them at the game.

There seems to be more freshmen this year than ever before. The campus appears to be governed by "beanies," but with the day of reckoning coming soon, it will be very plain who is "boss." I know several "Sophies" who are just waiting for a poor little Freshie to make a mistake.

Jaysee students certainly did their share to help put Gil Evans over at the Civic. Saw "Whitie" Mann right up in front. (I wasn't far behind) and Charlotte Mock and Al Markel, Tom Lacy and Genevieve King, and Bill Dunston all doing their share of applauding. Bill Shepard was dancing with little sister Virginia while cousin Dave entertained Ione Hooven. These were only a few among the very many loyal Balboaites there.

Maxine and Nadine Ogden, those sisters who look so alike and are so different—are freshmen this year. There will probably be no more mixups over dates now, because Max is still going steady with Dalton Young of U. C. L. A. (I predict wedding bells!)

That's all for now, and I hope I'll be seeing you all next week.

## "Referee" Blazer!

It won't be a "bad decision" if you buy this smartest of the smart new sweaters! Blazer patterns in pleasing colors, serviceable worsted and chambray yarns. See them in our window!
